BIOGRAPHY

The Legacy of Bertrand Piccard: Explorer and Innovator

[Bertrand Piccard](#), a name synonymous with pushing the limits of possibility, carries the torch of a family known for exploring uncharted territories. His remarkable achievements in aeronautics, including the first non-stop balloon flight around the world and a fuel-free journey in a solar plane, have etched his name in history. This pioneering spirit extends beyond adventure, as Bertrand Piccard has been a vocal proponent of renewable energies and clean technologies since the early 2000s. The Solar Impulse project, a testament to his vision, successfully took his message of sustainable energy across the globe.

A Voice for Ecology and Profitability

Blending his expertise in psychiatry with his adventurous spirit, Bertrand Piccard stands out as a thought leader in the realm of innovation and sustainability. As the Founder and Chairman of the Solar Impulse Foundation, he has made significant strides in identifying 1000 solutions that marry environmental protection with profitability. His ambition extends to influencing global decision-makers, guiding them towards meeting environmental goals without sacrificing economic growth.

Beyond Environment: A Humanitarian Perspective

Bertrand Piccard's commitment to sustainability is complemented by his humanitarian efforts. He is deeply involved in combating Noma, a devastating condition linked to poverty. By addressing issues like malnutrition and hygiene, Bertrand Piccard is tackling some of the root causes of this disease, demonstrating his belief in a holistic approach to sustainable development that goes beyond environmental conservation.

Uniting Opposites for a Common Goal

Bertrand Piccard excels in creating synergies where others see conflicts. His ability to unite diverse groups, raise public awareness, and spur political action is central to his approach. Whether addressing environmental issues or reducing inequalities, Bertrand Piccard's talent for bringing people together under a common cause is unparalleled.

Bertrand Piccard: A Communicator and Visionary

A sought-after speaker, Bertrand Piccard captivates audiences with his insights on the pioneering spirit, sharing his experiences at various events. His roles as a United Nations Ambassador for the Environment and Special Advisor to the European Commission further amplify his influence and commitment to a sustainable future.
